

## OIPA Critique Schedule

January 31 & February 1

As requested at the past OIPA Spring meeting, based on geography (where a unit is from) a critique schedule has been developed. Please be at the critique area, ready to go at critique start time. When your unit is called, if you are not present, the next unit will go into critique. If your unit missed the announcement, you will have the option to go in last. Once critique ends, no further units may enter.

Units attending the show on Saturday are scheduled for Saturday Critique.

There will be NO critique on Sunday. Due to the size of the event and flight times, no critique will be available on Sunday to any color guard unit.

Percussion Units will have the opportunity to critique both days.
